

### **Statement 8 December 2009**

The board of ICETH, The Interreligious Conference of European Women Theologians, wish to express their outrage at the ban on minarets in Switzerland. As an interfaith group, dedicated to learning to live with and respect our differences and beliefs, we deplore this ban which we see as racist, inflammatory and violating human rights. On behalf of our members, we extend our support to the Swiss Muslim community

ICETH board:

Rev. Christel Hildebrand, Germany

Aysel Kurt, Muslim religious educator, Germany

Rabbi Lee Wax, England
